

## Payoneer Cashout Method 2020

By @lukeman417

Step 1. Register for a Payonner account at [payoneer.com](https://payoneer.com).

Use real info but not your real info). You can find fullz with id scans on shops.

Step 2. Confirm your Payoneer account by uploading a picture of your ID.

Step 3. Go to [2checkout.com](https://2checkout.com), register for a merchant account using the same info.

---

Add Payoneer as the way you want to get paid

Step 4. Go to [namecheap.com](https://namecheap.com) register an account with hosting.

Set it up very easy using wordpress themes such as moderne lingerie, very easy.

Get some products on your website.

Step 5. Connect 2checkout with your website. You can just google how to connect 2checkout with my ecommerce website

Step 6. Start carding your shop - buy your own products with stolen CCs.

Wait for funds to arrive in your Payoneer account.

Step 7. Exchange Payoneer to Bitcoin <https://www.bestchange.com/payoneer-to-bitcoin.html>
